TOURING HEALTH IS HITTING THE ROAD

(Los Angeles, CA) – Touring Health; the leading concierge medical and wellness service is hitting the road, paving the way for people working in the entertainment industry to receive expert medical treatments and consultations within the comfort of their home or tour locations. Through a staff of Emergency Room-trained nurses and doctors around the world, they are on call 24 hours a day, seven days a week, 365 days a year.

A full-service medical practice, Touring Health can provide lab work, IV hydration therapy, consults with doctors, Telehealth appointments with doctors, and same-day prescription treatments. They also provide referrals to specialists, and PCR testing for Covid, RSV, Flu, and Strep with same-day results. Touring Health’s VIP services are designed to support each client’s individual goals, whether it is optimal physical strength and performance, clearing brain fog, recovering from a medical procedure, treating an acute illness, or just wanting to look and feel their absolute best.

“Touring Health is a game changer for the touring industry. Having used them on many of my tours since 2021 with great success, I see the benefits they can offer any tour. With Touring Health on board, the health and well-being of my artists and production team are completely covered.” – Marty Hom, Tour Director

“Touring Health has been an amazing and reliable asset while touring over the last year for myself. I can rely on their services from basic health needs such as B-12 shots and prescriptions for the average cold, to Covid testing and IVs. It’s is another great layer to add to any touring team to help keep everyone healthy and on the move.” – Tony Marino, Tour Manager

The mission of Touring Health is to provide real-time medical solutions to save productions and tours time and money. They provide one-on-one care and comprehensive wellness services from rehearsals to the final encore, coast-to-coast, and beyond. Visit [TouringHealth.com](https://www.touringhealth.com) for more information and to explore booking their services for your next gig. Service, wellness, and safety isn’t just their motto; it’s the principles Touring Health professionals live by. Shouldn’t you?
